So Many Toys to Explore!

Our Toy Library helps families try toys at home, where children often feel most comfortable. It gives you the chance to discover what captures your child's interest, rotate toys regularly, reduce clutter and avoid the cost of buying toys that may not be used.

We support SEND families, so we understand how important it is to find toys that suit each child's individual needs, preferences and stage of development.

Thank you for being part of our toy library community.

Together, we're making play possible for every child!

HELP SHAPE THE TOY LIBRARY

We'd love the Toy Library to grow in a way that reflects what families actually need.

Are there particular toys, sensory items or pieces of equipment you would like us to add? Is there something your child really enjoys or something you feel would support them?

Please send us your suggestions anytime.

Clean, Safe and Caring Service

We take pride in maintaining high standards. Battery-operated toys are checked and fully charged before collection so they are ready to enjoy. If a toy ever appears damaged, dirty or not as expected, please let a member of staff know straight away.

Easy-to-use toy choices that support development, confidence and fun.
